

## BioUSB

(Fingerprint-Enroller)

### Features

- ABS Material, elegant appearance.
- Fast and accurate fingerprint identification
- USB connection. Need driver
- Easy operation and management
- Easy-to-use PC software for access control and time attendance
- Smooth design for desktop appearance
- Multi color LED showing its conditions.

BioUSB is a fingerprint enroller which works with KEYKING fingerprint readers. The user's fingerprint must be enrolled into the KEYKING before the fingerprint reader could verify. So it is essential for customer to own an enroller before using fingerprint reader.

### Specifications
